

Appendix C

Contents

- Table of Funding Opportunities

Overview

This appendix provides a consolidated overview of potential funding sources identified throughout the Selma Now: Strategic Action Plan – Citywide Strategies chapter. Cross-referenced from the sidebars labeled “Funding” within each strategy and action, the table organizes opportunities by agency to support implementation of Selma’s land use, housing, infrastructure, and economic development goals. These federal, state, and local programs offer financial resources that can be leveraged to advance equitable revitalization, resilience-building, and long-term economic recovery.

Funding Opportunities

Funding Sources
